

STANDARD FEATURES

Ramguard R4 Surface Mounted bollards are designed to protect assets and allow simple removal for easy access. The unit consists of a bollard and a base plate. To install, securely attach the surface mount bollard to a concrete or asphalt surface. The bollard locks into the base plate. Once unlocked, twist the handled cap and lift the bollard away.

- 1000(H)mm, 90ØD x 3mm wall thickness (WT)
- Base Plate 200ØD x 20(H)mm, inc 4 x M14mm fixing holes
- Red reflective tape
- Corrosion resistant galvanised steel with a tough yellow powder coated finish
- Keyed alike, 2 keys provided
