

STANDARD FEATURES

Ramguard R5 bollards are removable to quickly allow access. The square bollard locks into an in ground sleeve and is secured with a padlock. Easily installed into a concrete footing with minimal groundwork. Ideal for shallow ground excavation. WA made and in stock.

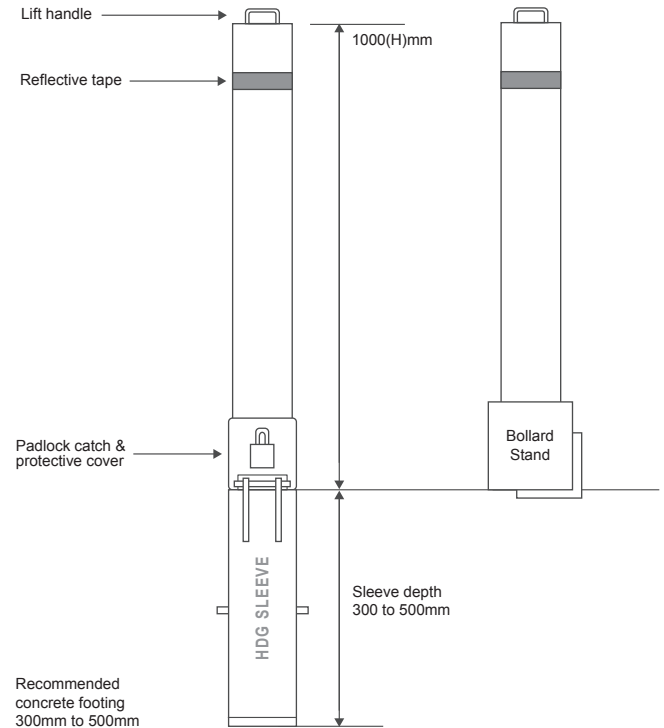

- 90mm square x 4(WT)mm x 1000(H)mm
- Below ground hot dip galvanised sleeve
- Corrosion resistant galvanised steel with a tough powder coated finish
- Red reflective tape
- Padlockable

The R5 bollard can be customised and can be made to measure, in any height, diameter, wall thickness, colour or in a stainless steel finish.
